

Summer 2012 Employment Opportunities for Nurses

Camp Ho Mita Koda, a residential summer camp serving children with Type 1 diabetes, is seeking RNs and LPNs to be a part of its medical team during the summer of 2012. Founded in 1929, Camp Ho Mita Koda is located on 72 wooded acres in Newbury, Ohio (Geauga County), just 25 miles east of Cleveland.

Camp helps children with diabetes have fun, learn to manage their diabetes, make healthy choices, take personal responsibility, build self-esteem and make life-long friendships. Camp Ho Mita Koda offers 3-day, 5-day, and 12-day overnight programs from June 17 to July 31, 2012 for children ages 6-15. Up to 64 campers attend each session.

Camp Nurses will work under the direct supervision of the Dispensary Charge to assist with the daily management of summer camp dispensary operations. Nurses will live on-site (overnight residence required) for a minimum of one full camp session (3, 5 or 12 days) to provide nursing coverage. Nurses will work as part of the medical team comprised of RNs, LPNs, nursing students and physicians.

Must be an RN or LPN with current licensure in the state of Ohio. Prefer experience working with children with diabetes and 1-2 years nursing experience. Positions are paid and include free room and meals. Accommodations are a private or semi-private furnished cabin.

To apply for a position, please call the Director of Camp and Youth Programs at 216-591-0800 or visit the Camp website at <http://www.camphomitakoda.org> to download application materials and review full position descriptions.
